

PRINCIPLES OF THE **SEVEN SIDED GOLD DIE**

A Mnemonic Device - A Tool for Our Minds

A SYSTEMATIC APPROACH TO ORGANIZING YOUR THOUGHTS AND SOLVING YOUR PROBLEMS

Do you want to make a difference? Do you want to help others?
You can become a **Certified Instructor of GOLDDYLOGY™**.

GOLDDYOLGY™ is a system or process which promotes Organized Thinking and the development of corresponding actions. It utilizes a specially designed numbered cube or die that is gold in color. The die is a mnemonic device, which is a memory tool. The different numbers on each side triggers our memory to recall the principles associated with that side. Each principle or lesson helps us to recall a step in the thinking and organizational process.

The gold die is referred to as the **GOLDDYNAMO™** aka the **SEVEN SIDED GOLD DIE™** or the **GOLD DIE™**. It is unique in the fact that we must use our imagination to visualize the riches on the inside which is the seventh side. The seventh side is a solid cube of gold which represents you and I. We think from the inside out. It is who we are on the inside that counts. All changes come from the inside out. Everything we have accomplished and everything we will accomplish starts from within. Napoleon Hill said, *"More riches have been minded from the mind of man than has ever come out of the earth."*

In essence **GoldDyOlogy™** provides a systematic process of thinking supported by a mnemonic tool. This process can be taught in any formal or informal educational setting. Once learned, it enables the users to address whatever problems they drop into the seventh side, (which is the mind). No problems are too big or too small to be addressed in this fashion. This system requires that we continually break down a big problem into smaller and smaller portions until we can resolve one portion at a time. When we address all of the pieces of the problem, we will have done our BEST. What more can we ask of ourselves and what more can anyone else ask of us? **Let's do our BEST (side six).**

NOTE: The following was written before the terminology of GoldDyOlogy was introduced.

Thank You for your understanding.
